REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious the claimed green shade yellow pigments of the formula I, method for the preparation thereof, plastic, coating, ink or electrostatic toner compositions thereof. The closest prior art compounds are disclosed in U.S. Patent 6,254,671. The compounds disclosed therein differ from the claimed compounds in that they contain a sulfonic acid group meta to the azo groups whereas the claimed compounds contain carboxy groups ortho to the azo groups. The reference provides no motivation for one of ordinary skill in the art to modify the compounds disclosed therein to arrive at the claimed compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
